## Albany tax rate lowered

ALBANY — The city council, in a marathon session ending early Tuesday morning, set a record \$4.7 million municipal budget for 1977-78.

The council also lowered the city's tax rate from \$2.04 to \$1.77 per \$100 assessed valuation.

The tax rate reduction means that, due to an average 25 percent increase in assessed property values, homeowners will be paying about 6.4 percent more in taxes to the city next year.

City Administrator James Turner said actual tax bills from the city will increase only enough to keep pace with inflation.

The council also set salaries for municipal employees including the general employees who struck the city last month, firefighters who reached agreement with the city Saturday, and police, who picketed the start of the council meeting last night but withdrew the pickets as city negotiators, meeting concurrently with the council, tried to hammer out an 11th hour settlement.

As it was, no agreement was reached so the council voted to give the police pretty much the same settlement as the other employees. A police association spokesman, who said officers had wanted that of other East Bay cities, said his group was not happy with the package that amounted to a 6 percent raise.

All this took place in a rather spirited budget session in which two emotional

## 'Renewal Agency' created

ALBANY — The city council Monday night voted to set itself up as a redevelopment agency with the council to serve as the agency's governing board.

The matter was introduced by Councilman Robert Luoma at a session held July 26. Luoma urged the action "so we can push ahead on the University of California property and the waterfront development."

City Attorney Lawrence Saler had been asked, at the earlier session, to draft a report instructing the council on the legal steps to be taken in setting up the redevelopment agency.

Saler informed the board that "very strict rules apply to establishing such an agency," and added that no priorities could be set up until the agency was formally launched.

The council, which appeared to be in general agreement at the initial session, quickly approved the agency Monday evening.

## Editorial

## 'Straw vote' that broke camel's back

The recent forced resignation of Albany City Administrator James Turner sparked a community controversy which has placed three members of the city council on the ballot for a recall election Nov. 15.

It seems incredible that the firing of one city employee could be the apparent cause of so drastic an action. Why, one wonders, could the firing motivate one fourth of the city's registered voters to sign a petition asking for the recall of Councilmen Mike Gleason, Pat Griffin and Mayor Joyce Jackson? The answer lies in the fact that the shabby treatment of Turner was that famous straw that broke the camel's back.

It was the last in a long list of decisions and internal manipulations by Gleason, Griffin and Jackson which are carried on in secret and laced with political favoritism and old-fashioned political cronyism.

In short, Gleason and Griffin were elected not because of their political points of view but because of a voter

backlash against the highly questionable maneuverings of former Councilman Red Call. Since their election Gleason and Griffin have listened to the same small group of people concerning Albany decision making. And their basic method of operation has been to get rid of key staff members and replace them with political friends. In the beginning we hoped that Mayor Jackson would be independent from such maneuvering, but she gradually went along with the pattern. This was most disappointing to us as we felt she had considerable leadership potential.

As evidence for our allegations one need look no further than the firing of Turner. It was Mayor Jackson who issued a false press release stating that Turner and the council had mutually and unanimously agreed that Turner would resign. In fact Turner was told to quit or be fired by Jackson, Gleason and Griffin. The two members of the council who disagreed were told by Gleason and Griffin that they could not tell the

story of the executive session on Turner because it was closed to the public and to talk about it would violate the Brown Act. Councilman Howell, much to his credit, brought the truth to light.

After Howell opened the issue to public scrutiny, Jackson, Gleason and Griffin changed their story and said Turner was competent but was leaving because he was not compatible with their vision of the "new Albany." After more public controversy Gleason changed the story again and hurled some strong accusations at Turner, questioning his competence.

Gleason, it must be remembered, was the councilman who attempted to organize the fire department against former fire chief Gerald Browne and threatened to fire a young fireman if Browne didn't retire. It is this kind of devious disrespect for basic human dignity which has turned city hall on its ear and spread paranoia among city staffers.

Working under such conditions has no doubt (Turn to Page 7, Col. 4)

## Albany public works jobs available

ALBANY — The City of Albany will be hiring workers during the next few weeks "to perform public works jobs at various sites around the city," a CETA official announced today.

Among the projects scheduled are beautification of Albany Hill and creek areas, waterfront clean-up and slope protection, sign-post painting, general street work and clean-up, and a curb, gutter and sidewalk survey and inspection.

These will be part-time jobs under the CETA program. Workers will be employed about 30 hours per week for approximately four months or longer. Wages will be from \$3.50 to \$4.00 per hour.

Under the CETA requirements, applicants must be Albany residents, unemployed for at least 15 of the 20 weeks prior to hiring, and members of low-income households.

For additional information readers may contact Frank Murdoch at the City Administrator's office in City Hall, 1000 San Pablo Ave., phone 644-8531.

## Drivers needed to deliver meals

ALBANY — Volunteer drivers for the "Meals on Wheels" program "are needed immediately," according to Laurie Altman, program coordinator.

"We need drivers on Tuesdays, Wednesdays and Fridays to pick up and deliver meals," Mrs. Altman said. "Some of our regulars are on vacation. Right now we're short three people."

## Little League Seniors edged out of title play

ALBANY — For the second time in Senior Division All-Star play, Albany's Little League Seniors reached the sectional and divisional double-elimination tournament, but the Seniors were edged out of the competition, Thursday, as Southwest downed the local leaguers two-to-one in the Sacramento play-offs.

The Seniors went into the state competition after taking the District IV pennant with four straight wins in Memorial Park the preceding week, earning the third district pennant for the league. The first was won ten years ago under the coaching of Al Klobas and the late Elmer Holm, and the second pennant was

captured in 1972 with John Bartolo and Jeff O'Donnell leading the team.

In other play, last week, the Major League All Stars lost their bid to championship in their sudden-death playoff, bowing to Concord Continental 5-4. Pitcher Rory Shaw gave up six hits, striking out eight and walking two. Albany collected six hits in all.

Former Albany Little Leaguers, manager of the Seniors Don Danner and coach Ray Straub, took their teams two games further than the previous team in their bid for the title.

Albany beat Martinez 16-0 in the first try with Angelo Gilbert striking out

13 and walking six. In their next effort, Albany scored nine runs to Concord National's eight, with the combined pitching of David Gaskins and Bob Sujishi, with Sujishi taking the win. A third inning three run homer by Mike Johnson and a triple with one RBI by Gary Williams gave the team the lead which they kept.

In the third game Albany downed Concord Continental 4-1 with Gilbert fanning 14 and permitting two hits. Johnson hit a first inning three run homer. Albany then eliminated Concord Continental 8-3 when Gaskins threw a no-hitter. Williams's first inning home run and fourth inning three base hit scored three runs for the home team.

Albany had a 6-1 lead over South West Sacramento on Monday until the last inning when sloppy playing almost gave the game away. Williams took (Turn to Page 7, Col. 2)

## PW chief takes blame for forgetting fund application

ALBANY — Public Works Director Robert Guletz has told the city council here he is to blame for the city's failure to apply for \$500,000 in federal public works money.

"There has been a great deal of discussion and press lately regarding the city's failure to acquire Public Works Employment Act funds," Guletz said in a memo to the council dated July 8.

"I originally presented the unfortunate news to council at the budget session on June 16, 1977. I thought I had made it clear that it had been my responsibility as public works director to see that the application was completed, and for the reasons stated, the deadline was missed."

The reasons for this memo is to reaffirm my acceptance of primary responsibility for "missing the boat," Guletz wrote.

The city council had wanted the grant to spend on a waterfront development project, and was considerably troubled when word got to them that the entire grant allotment for Alameda County had been awarded to Union City, which received \$7 million for new city buildings.

As City Administrator James Turner explained to the council, the city had just one week to prepare an application for the grant under the public works programs' first phase. Realizing that was not enough time, the city officials decided to wait until the second phase.

However, the application deadline for the second phase passed with no Albany entry, and the entire amount was awarded to Union City.

Councilman Lewis Howell said Guletz simply forgot about the application until it was too late.

The city has since sent a letter to Congressman Ronald Dellums asking that another phase of applications be accepted.

Although there was no guarantee that Albany would have received any money — in fact several cities who applied received none — council members were miffed that the city was not even in the running.

## Gateview's phase two project is authorized

ALBANY — The city council has unanimously endorsed the city's planning commission's approval of phase two of the Gateview development at Albany Hill, thereby clearing the way for construction of the next 480 condominiums.

Monday night was the deadline for appeals to the planning commission's approval of the new design of

ing the way for construction of the next 480 condominiums.

Monday night was the deadline for appeals to the planning commission's approval of the new design of

phase two, which will include two buildings with two towers, rising 19 and 21 stories, respectively.

When no citizens had appealed the decision by Monday night, two of the five council members said they were ready to file an appeal.

An appeal would have halted the project for two months while the council held hearings before rendering the final decision.

The mention that Patrick Griffin and Michael Gleason supported filing an appeal brought rather sharp response from the president of the development company handling the project, James Wilson of Interstate General Corp.

Calling Gleason a "brash young man," Wilson said he would file suit against the city to recover what he said would be losses of \$5,000 a day while the project was held up. He charged that a vote by the council to appeal the commission's ruling would be in violation of the city's contract with the developer.

Griffin, while saying he would support an appeal because of the unanswered concerns he had over increased heights of the towers in the latest plans now rising to 315 feet, said he preferred to have all the questions answered then and there without a formal appeal.

- (3) Contestants may submit an unlimited number of entries.

## RECALL COMMITTEE MAPS GOALS

(Continued from Page 1) mysterious retirement of Fire Chief Gerald Browne, the outlandish growth of our city budget from about \$2.2 million when Gleason and Griffin took office to in excess of \$5 million today, the harassment of our highly respected Police department, their threats of increased and possibly unjust business taxes and

their taking credit for accomplishments of previous councils, such as Solano Avenue Beautification project. "Jackson was appointed and undoubtedly many shared our opinion that if she won her council seat in her own right at an election, she would think and vote independently. She was elected in 1976 and nothing

changed. The split has been 3-2 on all major issues. "Disappointment in the council majority would only have resulted in opposition at the next city election had it not been for their arrogant dismissal of Administrative Officer James B. Turner, whose only crime was being 'out of step' with their unspecified philosophy for a 'new Albany.' They may

have felt immune from voter wrath because the next election is so close. Perhaps they thought voters would forget by April. "If that was what they thought, 'Mrs. Mulhall said 'it backfired because Turner's unjustified firing was the catalyst that spurred the formation of the large and diverse Albany Recall committee whose

members don't trust the council majority's vision of what a 'new Albany' might be. "In the future, the Recall committee would like to see continued excellence in this mile-square city which many of us regard as an island of tranquility in a sea of chaos. Skyrocketing real estate values and the shortage of housing are evidence that people like Albany and want to move here to live and raise their families.

"Our schools are excellent, fleeing criminals avoid Albany at all costs and Solano Avenue is a vital and charming business district," Mrs. Mulhall said. "Does the council majority want to take us down to the level of the troubled communities around us?"

At 1:20 a.m., with Gleason and Griffin voicing their concern over future phases of the planned 2,500-unit complex, the council voted unanimously to accept the planning commission's recommendation without an appeal.

In other business, the council also voted to set itself up as a redevelopment agency and to direct the city administrator to enforce the city's sign ordinance, which prevents the posting of political posters and signs more than 40 days before an election.

The last matter came before the council when someone in the audience asked about the legality of signs dealing with the Nov. 15 recall election of Mayor Joyce Jackson and Griffin and Gleason.

## PHASE 2 CITY BUDGET

(Continued from Page 1) It took a suggestion from the audience to head off what appeared to be a vote on the matter. That suggestion was to stop debate on the issue and tend to other weighty items on the agenda before resuming the debate. The council agreed.

By the time other matters were taken care of, it was 12:30 a.m. and technically past the deadline for filing an appeal.

But the debate resumed anyway, with the council at one point going into the hallway with the developers to view a mockup of the proposed new towers.

At 1:20 a.m., with Gleason and Griffin voicing their concern over future phases of the planned 2,500-unit complex, the council voted unanimously to accept the planning commission's recommendation without an appeal.

(Continued from Page 1) debates ended with Mayor Joyce Jackson casting the deciding vote. The first came in a motion by Councilman Patrick Griffin to raise the city's entrance tax at Golden Gate Fields by 10 cents, from the present 40 cents to 50 cents, a move he proposed to raise an additional \$100,000 revenue for the city.

The measure was opposed by Cliff Goodrich, general manager of Golden Gate Fields, who said he felt a tax increase on track visitors is unnecessary, unjustified in light of the operation's current contributions to city coffers, and one that hurt attendance at the track. He warned that if the city raised the tax 10 cents that would have to recommend raising the entrance fee at the track from \$2.25 to \$2.50.

The motion was seconded by Gleason, who also voted for it. But when Councilmen Lewis Howell and Robert Luoma voted against it, that left Mrs. Jackson — who frequently votes with Gleason and Griffin — to cast the deciding vote.

Mrs. Jackson voted against the tax increase, sending it down to defeat. The second split came when Luoma, after lengthy pleas by Chamber of Commerce representatives, introduced a motion to grant \$7,000 to the chamber out of the 1977-78 budget.

The chamber, which has been in disfavor with the council during the past several years, had asked for \$8,400 last year and received \$3,000.

This year, the chamber asked for \$7,000 but the council included no chamber appropriation in earlier budget documents.

Luoma's suggestion to add chamber funding at the last minute was supported by Howell, but opposed by Gleason and Griffin.

Again, Mrs. Jackson cast the deciding ballot, voting to grant the chamber support

along with Luoma and Howell. Both votes were met with resounding cheers mingled with a smattering of boos and hisses.

The pay packages adopted last night give a total of \$98 a week raises to all city employees, with \$20 of that total going to health and dental plans.

For the city's general employees the raises will be flat across-the-board increases. The police and fire increases will be divided differently and on a percentage scale.

Turner said the pay packages will cost the city \$100,000 more in salary and benefits than this year.

## ALBANY POLICE OFFICERS ASSOCIATION

### Dear Albany Citizens:

Your Albany police officers are **NOT ON STRIKE!** In fact, we vow to provide the same continuing high level of Professional Police Service the community expects and deserves. For two months, however, we have attempted in vain to negotiate a reasonable salary agreement with your elected representatives, the ALBANY CITY COUNCIL. Thus far, they have been unwilling to offer your police officers a salary that even approaches average for our area.

### For that reason we ask:

**WHY** has the CITY COUNCIL FAILED TO YIELD TO REASONABLE SALARY REQUESTS?

**WHY** has the CITY COUNCIL offered salary increases which would place your police BELOW AVERAGE among Alameda and Contra Costa County law enforcement agencies?

**WHY** has MAYOR JACKSON, who has lauded the financial solvency of the city been UNWILLING to SPEAK OUT FOR A FAIR SALARY FOR YOUR POLICE OFFICERS?

**WHY** has COUNCILMAN GLEASON FAILED TO SUPPORT YOUR POLICE OFFICERS in their quest for a fair and equitable salary after supporting Golden Gate Fields workers during their strike last year, a strike that cost the city many tax dollars?

**WHY** did ALBANY CITY EMPLOYEES, represented by Local 390, SEIU, find it NECESSARY TO STRIKE FOR THE FIRST TIME IN THE HISTORY OF ALBANY?

**WHY?** We don't know why! IF YOU DON'T KNOW WHY, PERHAPS YOU WOULD LIKE TO FIND OUT. IF INTERESTED, WHY NOT INVEST IN A TELEPHONE CALL TO ONE OR MORE OF YOUR ELECTED OFFICIALS AND ASK THEM!

MAYOR JOYCE JACKSON .....	527-0191
COUNCILMAN MICHAEL GLEASON .....	524-1801
COUNCILMAN PATRICK GRIFFIN .....	526-3677
COUNCILMAN LOU HOWELL .....	526-2878

"I lost 53 pounds with NaturSlim ...and I feel like a new person!"

—Susan Simpson

"Since beginning the NaturSlim program I've gone from a size 19 to a size 13/14 and lost 53 pounds. My goal is to lose 60 pounds and drop to a size 12" says 16 year old Susan Simpson, student at Narbonne High School and a resident of Lomita, California.

"I weighed 197 pounds and had tried many other diets, such as counting calories, Ayds, the orange a day diet, etc., but none produced the results that NaturSlim has.

"It is really nice to feel a part of living again . . . to be able to crawl out of my shell and stand on my own two feet. I used to wear a jacket everywhere I went because of my weight, but now I am proud and happy not to have to hide like that anymore. For the first time in eight years I'm looking forward to participating in summer activities, such as swimming and going to the beach with my friends.

"I followed the recommended program, mixing NaturSlim with nonfat chocolate milk or unsweetened orange juice for breakfast and lunch, and I ate regular portions of meat, potatoes, vegetable and usually a salad for dinner. NaturSlim really tastes good and fills me up so I don't experience hunger pangs during the day. When I feel the urge for a snack I eat an apple or fresh carrots.

"One of the things that really helped was the support, encouragement and compliments from my friends and family. My social life is improving, too. I'm really looking forward to the Senior Prom. And since I've slimmed down, I've gotten a whole new wardrobe!"

Susan's mother comments that "A lot of people don't even recognize Susan since her weight loss. Her father and I are really proud of Susan and her strong will and determination to stick with the program. Susan is like a new person . . . she is more out-going and happy to be involved in activities with others. We are able to share much more together because she is not so shy and withdrawn. It is Susan's desire to reach out to those other teenage girls and adults who are overweight like she used to be . . . and to convey to them the message that the NaturSlim program really works!"

## BART puts more cars in service

**OAKLAND**—In order to accommodate a significant increase in midday ridership between San Francisco and the East Bay, BART has lengthened midday trains.

Forty cars have been added to the trains serving the Fremont/Daly City and Concord/Daly City lines between the hours of 9 a.m. and 4 p.m. Prior scheduling called for three-car trains on the Fremont line and four-car trains on the Concord line following the morning commute period. The trains serving these lines have been lengthened to

five and six cars respectively.

BART's ridership, with some fluctuation, has been averaging better than 140,000 daily, an increase of between 4,000 and 5,000 over the daily average in June.

BART's Director of field services, Bill Fleisher, said most of the additional trips are being made between 9 a.m. and 11 a.m., and between 1:30 p.m. and 4 p.m. He attributed the patronage increase in part to summer vacation, coupled with a generally higher public awareness of destinations served by the

system, particularly with regard to shopping and entertainment in the downtown area.

BART's transit car av-

ailability has been averaging a record high of 375 daily, or about 91 percent of the system's maintenance fleet.

## Bay Area job gains hit record

Job gains in the San Francisco-Oakland area over the two-year period will be one of the highest since the Vietnam War buildup, State market analysts are predicting.

An added 44,000 jobs raise the area's employment total by 3.1 percent around 1,445,000 by the end of next year, analysts said. Today's summary report by the California Employment Development Department for San Francisco, San Mateo, Alameda, Contra Costa and Santa Clara Counties.

Researchers drew information from both private and public agencies and vast government resources to develop the forecast.

State employment in the Bay Area last month reported almost 14 percent more job placements June than last.

Employment Department units in the six-county area made 18,444 job placements last month, a June a year ago, an increase of 1,228.

# Play-off scramble building

ALBANY — After nine days of play, a summer scramble for play-off is forming in the Albany Recreation Department's Women's Softball League.

The Sundowners, with the heroics, nipped the Swingers, 10-9 and defeated the Fumblers 15-9 to remain the only unbeaten team. Joyce Jacobson's RBI's gave the Turkey's a 11-7 nod over the spirited Fumblers.

The other six teams are even with 1-1 records, the Macs having beaten the Turkeys, 13-3, before losing a well-played contest to the Green Machine, 9-7; and the Wanderers rolled over the Muzzes 9-0.

Saturday play begins Aug. 6, at Memorial Park, with games scheduled for 9, 11 and 1 o'clock.

THEY ALMOST MADE IT — Albany's Major League All Stars making a bid for the title in the Little League playoffs in Sacramento last week, went down swinging against Concord Continental. Shown above, in front row, from left are: Bobby Rodriguez, Daniel Sousa, Stanley Torres and Forrest Bietz. In second

row are Coach Chris Caras, Derrick Pillars, Nathan Wistoky, Lance Caras, Jeff Andrews, and Marcus Brown. In back row are Rory Shaw, Jim Howard, Courtney Yates, Andre Butler and Manager Gary Eggers.

# Albany Bowl

# Mixed team tournaments set

By PHIL ALSTON  
ALBANY — With a view toward stimulating additional enthusiasm for the coming fall bowling season, the East Bay Bowling Council will conduct its first annual Mixed Team and Doubles tournaments at Albany and Fremont Bowls August 20-28.

Albany Bowl will host the teams, Fremont Bowl the doubles. Deadline for acceptance of entries has been extended to August 13.

Comprised of representatives of the Alameda County Men's and Women's Bowling Associations and the East Bay Bowling Proprietors Association, the Council looks upon its tournament venture as a fitting warm-up for the new season, which will find most leagues throughout the county beginning play immediately after Labor Day.

In last week's league play at Albany Bowl, Mark Valente assumed the heavy scoring duties for Debbie's Doobies as the league leaders in the Jubilee Mixed retained their tenuous hold on first place with a 2-1 decision over Dodie's Doodies.

Just one game off the pace, second place Red Vest matched strides with the leaders by taking two of three from Marin Auto Body.

In the Men's Jubilee Pete Nakamura's 575 series paced Violet's Golden Pacific 2-1 over Tempins and helped the leaders maintain a two-game advantage over Richmond Brass.

In the battle for third place Performance downed Ron's Machine Shop despite a 243 game and 585 series by Frank Reina.

New individual high series records surfaced in two leagues. Rich Miller registered the first 600 set of the summer for Thursday

Mixed with 602 and John Sanford had 234 game and 626 series for Gin Mill Fives. Les Riedinger fired 808 for four games in leading the 535 Scratch Trios while Al Collins was raising his league leading average in the Post Office Mixed to 176 with 550 series.

Caleb Schultz spiced his 615 set in Junior-Senior Trios with middle game of 252, but A.C. Nettles nipped him for series honors by finishing with 233 for 616.

Craig Timm continued to sparkle for Vacation Fours with 55 and Bill James topped Volney Morrison Memorial on 571. Tom Boutte's 557 was best for Thursday Sleepers, and Art Bigornia led Social Security with an identical total.

# 700 signed for sewing exhibition

BERKELEY — The 1977 catalog has gone to press and there are now more than 700 entries in the Golden Needle exhibition, the stitchery show which will be held Sept. 22 through 25 in the Scottish Rite Temple, 1547 Lakeside Dr., Oakland.

Because of the mounting interest and increased exhibit space in the new location, the sponsoring Alta Bates Foundation Associates and Alta Bates Volunteer Association have extended the entry date for exhibits to Sept. 9, with the understanding that entries received now will not be included in the catalog.

The array of ecclesiastical robes and vestments, and this year's edition will have the most extensive display yet collected. There will be kneelers, some adapted from stain glass windows, others with Byzantine designs, still others with symbolic crosses.

Stoles, mandibles, veils, burses, chasubles, all beautifully embroidered with exquisite workmanship, will be on view in this special area of the show. A Bishop's chair will come from Christ Episcopal Church in Alameda, and the First Congregational Church in Berkeley will loan its advent banners representing the Christmas season which were first hung in 1976 and will be hung each successive season.

# Author-artist to autograph books

B. Kliban, artist, cartoonist, and creator of the best selling books "Cat" and "Whack Your Porcupines," will be appearing at Cody's Books, 2454 Telegraph Ave. in Berkeley on Aug. 11 at 4 p.m. Kliban will meet the public and sign books.

## SELLING YOUR HOME

... is more than just finding a buyer... first, what will a qualified buyer pay for it? You think & ponder... are prices going down? or up? What can I net, after taxes? NET, the BOTTOM LINE, that's the key word. If I sell would I have a prepayment penalty on my present loan? If so, how much? Points? What are points? Will it cost me to sell FHA or GI? Should I consider carrying a First Deed of Trust? What are the risks of carrying a Second Deed of Trust? Should I put my home on Multiple Listing Service? Should I exchange? Should I stay where I am and add on a room? Not sell at all? Questions??? Questions???

To sell or not to sell, requires current, reliable information from professionals. TO GET IT,

been a trying experience for James Turner. His long years of service to the "old Albany" — an Albany with low tax rates, low crime rates and none of the urban problems facing many cities — are appreciated by many. We wish him well in whatever post he chooses in the future.

While Turner remains as mystified as we are as to why all this happened to him, he no doubt gets some quiet satisfaction from the fact that his firing has triggered a recall election.

Editor  
Dear Sir:

Recently, I attended the Council meeting where the permit for an amusement center at 1077 San Pablo Avenue was unanimously turned down.

I wish to clarify two statements in your article regarding this matter in the Times of July 27, 1977. First, the Cue and Cushion was located in the 800 block of San Pablo Avenue not in the 1077 San Pablo Avenue site. Secondly, Police Chief Simmons was indeed ready to cite the many problems the police had in connection with the Cue and Cushion; and indeed he did address the Council and the assembled crowd with a litany of problems that were faced by the police department during the time the Cue and Cushion was in operation. I am sure that I am not the only one who felt that what the Police Chief had to say on the subject was timely and important.

Thank you.  
Sincerely,  
JOANNE SPRAGUE

Editor:  
Dear Sir:

I would like to express my sincere appreciation to the Police Department for the watchful eye they kept on my home during my recent extended stay in the hospital.

Mrs. Kathryn Wheeler

Editor:  
Dear Sir:

On August 4, the Assembly Committee on Resources, Land Use, and Energy will hold its initial hearing on SB 650, authored by Sen. John A. Nejedlik (R-Walnut Creek). Officially titled the "Litter Control, Recycling, and Resource Recovery Act of 1977," this bill is an excellent approach to reducing litter, promoting recycling, conserving energy and saving natural resources.

The Industry Environmental Council (IEC) strongly supports the concept of this bill for these reasons. Unlike other more ballyhooed proposals to accomplish these goals, — most notably the "Bottle Bill" — SB 650 will not cost jobs, raise beverage prices, cause loss of valuable tax revenue or discriminate against certain industries.

Instead, SB 650 would place a small assessment charge on manufacturers and importers of products commonly found in litter. The funds collected would increase litter clean-up and aid recycling programs on the local and state levels. A similar approach has proved to be successful in the state of Washington where reports indicate that 66% of litter has been eliminated.

One of the members of the Assembly Committee,

which will decide the fate of SB 650, is Thomas Bates, D., of the 13th District. We encourage your readers to write or wire Bates immediately (c/o State Capitol, Sacramento, Calif. 95814) and urge a "yes" vote on this much needed legislation.

Sincerely yours,  
JOHN GALLAGHER  
Chairman
